Notice regarding UltraGard coverage

We're dedicated to bringing the best insurance solutions to John Deere dealerships, so we're writing to help you better understand UltraGard coverage.

UltraGard covers property damage to mobile equipment. As stated in the policy, please remember that automobiles, trucks, or other motor vehicles designed for primary use on public roads or highways, are **not eligible** for coverage under the UltraGard program. UltraGard does not cover these types of units, even if they have been financed through John Deere Financial.

The policy states, "Covered property does not include equipment financed under a repair or overhaul loan contract or to an automobile, truck, or other motor vehicle designed for use principally on public roads or highways except trailers included as covered property..."

While UltraGard provides first-party coverage for mobile equipment that is insured under the program, a customer who needs or desires additional coverages on their mobile equipment will need to contact an insurance agent.

Please note, we're not informing you of a change in coverage; we're simply clarifying the types of items that qualify for coverage under the UltraGard policy.

If you have any questions about UltraGard coverage, we're happy to assist you. Please contact Deere Dealer Programs at 877-782-6873 or DeereDealerPrograms@sentry.com.

Property and casualty coverages are underwritten by a member of the Sentry Insurance Group, Stevens Point, WI. For a complete listing of companies, visit sentry.com. Policies, coverages, benefits and discounts are not available in all states. See policy for complete coverage details.
